EXECUTIVE SUMMARY

I am a Bachelor of Informatics Engineering student at Banten Jaya University. I have a strong interest in Web Development, especially Front End Development using React Js. My skills include problem solving, critical thinking, time work, time management, and a desire to explore new knowledge.

EDUCATION

UNIVERSITY OF BANTEN JAYA   Aug 2021 - Present

Undergraduate, Major in Informatics Engineering

- Cumulative GPA: 3.82/4.00
- Relevant Coursework : Algorithms and Data Structures, Object-oriented Programming, Web Programming.

EXPERIENCE

BINAR ACADEMY   Aug 2023 – Des 2023

Front End JavaScript – Study Independent

- Developed a ToDo List Website with CRUD capabilities utilizing **Tailwind CSS** and **React Js** to complete the task.
- Building a Movie Rating Website in collaboration using Git with the team. Using **React Js** and **Tailwind CSS**, integrating with the **Restful API**, and implementing **Redux state management**.
- Collaborate in developing the Course Web using **Git** with the Front End and Back End teams. Used **Tailwind CSS**, **React Js**, implemented **Redux state management**, and integrated with **API**s from the Backend team as part of the final project completion.

PROJECTS

LAST KING ACADEMY   [Link Gtihub](#)

Web Course

- Designed and developed a web course in 3 sprints by implementing **Scrum Method** (1 sprint i.e. 2 weeks)
- Implementing **React Architecture**, Structure and Organize a React Application.
- Designing websites by slicing UI from **figma to code.**
- Collaborate on development **using git and Consume API** from the Backend team
- Conduct Utilized: **Tailwind Css, React JS, RTK Query, Git, Vercel, Vite, Yarn.**

ABDURROHMAN AZIS   [Link Gtihub](#)

Personal Website

- Develop a personal website with a **good appearance.**
- Conduct Utilized: **Tailwind Css, React JS, Vercel.**

MOVIE LIST   [Link Gtihub](#)

Rating Film Web

- Collaborate on development using **git** with the team and **Consume API.**
- Conduct Utilized: **Tailwind Css, React JS, Redux, Git, Vercel, Vite, Npm.**

TODOAPP [Link Gtihub](#)

Todo List

- Design and develop website **CRUD** a todo list.
- Conduct Utilized: **Tailwind Css, React JS, Vercel.**

MY CAR [Link Gtihub](#)

Landing Page

- Design and develop website landing pages from **figma to code**
- Conduct Utilized: **HTML, Bootstrap, Vercel.**

ORGANIZATIONAL EXPERIENCES

HIMPUNAN MAHASISWA TEKNIK INFORMATIKA (HUMANIKA)   Sep 2022 - Present

Part of Diklat

- Helping members develop **leadership, teamwork, communication**, and other skills through training and education.
- Conduct surveys or interviews with members to identify their skills, knowledge, and needs to assist in designing well-targeted programs.

KESATUAN OLAHRAGA MAHASISWA (KORMA)   Sep 2022 – Present

Ketua Harian

- **Bringing its members to become the 2nd** single champion of ACTION 2022 at the Sultan Ageng Ageng Tirtayasa University Badminton Competition.
- Responsible for coordinating organizational activities and ensuring that plans and tasks are carried out according to schedule.
- Ensuring that planned projects, activities, and events run well.

SKILLS

Language: Indonesia (Native), Inggris (Intermediate).
Hard Skills : Html5, Css3, JavaScript, Bootstrap, Tailwind Css, React Js, Redux, Github, Vercel, Figma, Postman, Vite, Vs code, Git, Npm, Yarn.
Soft Skills : Problem solving, Critical thinking, Team work, Time management.
Interest : Front end development, Web Development.
